

METROFLOAT

## HENLEY

### SPECIFICATION

Aqualine's hand-crafted boats offer bespoke-level design and finish at an affordable price, backed by a reassuring after-sales support service.

All boats conform to the Recreational Craft Directive and come complete with CE mark plus a full 12 month warranty, and extended warranties on many parts. A full owner's manual with operating instructions and technical information is also provided.

The renowned Aqualine quality is once again evident in this widebeam boat. The Henley Apartment Boat offers a layout with wonderful living accommodation for relaxing and entertaining friends. It's constructed using materials carefully selected for their quality, durability and resistance to sunlight and scratching. This high specification of fittings and finishes results in a truly luxurious home.

The cruiseable and moveable nature of the Henley means that you can take the boat to a new location for a weekend away, or on a more permanent basis should work dictate.

# THE ACCOMMODATION

## **Rear deck (11ft x 8ft approx)**

The Rear Deck, being just off the main living area, offers an outdoor area for socialising and is large enough for dining with friends or just watching the world go by.

The deck has Teak deckboards with Iroco surround providing access to the engine bay, an Iroco railing with stainless Stanchions and tensioned wires, plus two lockers providing storage.

Hardwood doors with shotblasted 'porthole' style windows lead into the boat.

An Oak staircase with LED step lights takes you down into the boat. This is separated from the living area by a woven, polished stainless steel screen, which provides privacy whilst still allowing light into the room.

## **Living area (15ft x 10ft 6 inches approx.)**

This has been designed to provide the ultimate living space, with plenty of room for the free-standing furniture of your choice, enabling you to relax or entertain in comfort. Entertainment is provided by a built in 42" LG flat screen Television, which provides a focal point for the room, and a Sony DVD Home Theatre (with Surround Sound) System.

The study area provides a desk with drawers, and a feature shelving area – it is the ideal place to catch up on office work or just attend to correspondence.

Opening windows to both aspects provide plenty of light and enable you to take advantage of the spectacular views when cruising. Recessed downlighters combine with mood lighting to provide the ideal illumination whatever the situation.

## **Kitchen (7ft 6 x 10ft 6 inches approx.)**

Separated from the living area by a solid granite breakfast bar with lighting under, the kitchen design is bold, inspirational and stylish. There is a striking floor, and a choice of finishes to achieve your desired look.

Behind the breakfast bar is the main cooking area, with a stainless oven, stainless hob and stainless and glass extractor over. A round inset stainless sink and drainer with a polished, chrome Monobloc tap is also set into the granite worksurface. A slimline dishwasher, storage cupboard and drawer unit complete this area of the kitchen.

Concealed behind a 'wall' of doors is an integrated fridge, a freezer and a washing machine. Above these appliances is a granite worksurface and storage area, which can be concealed by closing the doors. A full height wine rack completes the kitchen.

Feature door leading to:

## **Corridor**

This houses a wardrobe/store and has large opening portholes providing plenty of light.

Glazed door off to:

## **Bathroom (6ft 9 x 7ft 2 inches approx.)**

The breathtaking bathroom combines style and function, and is fully tiled throughout with Italian satin-finish mosaic tiles. There is a circular shower area tiled in round mosaic tiles with anti-slip tiles to the floor and recessed LED lights above. A white ceramic basin with polished chrome 'post' style mixer taps is seated on a Granite plinth, with drawer below.

There is a white porcelain loo, chrome heated towel rail and full-height shelving area. A large floating glass mirror with halogen lights, feature storage and a 3D Amtico floor complete this luxurious and spectacular design.

From Corridor, further door leading to:

## **Bedroom (14ft x 10ft 6 inches approx.)**

This exquisite room provides the perfect environment to rest and relax. The double bed features innovative storage including pull-out bedside tables, and a lavish padded headboard with concealed storage. A full-height wardrobe and 2 pull out wardrobes in the headboard provides hanging space, and a double dressing table area with mirrors provides a strong design statement whilst providing more cupboard and drawer space.

Glazed double doors lead onto the bow deck.

## GENERAL INFORMATION

The boat is manufactured under license from Aqualine Marine Limited using certified steel, and painted in Automotive paint, which is spray finished to provide a high depth of colour.

The boat is luxuriously fitted out utilising top quality, hard-wearing materials. The living areas have carpet and underlay for that warm, cosy feel and kitchens and bathrooms are tiled with Amtico flooring.

Farrow & Ball paint is used on the walls, complemented by a hardwood dado rail with polished stainless insets running along the length of the boat. Internal doors have large stainless steel 'tall slot' portholes, and are finished in a striking veneer.

Lighting is provided by chrome trimmed halogen downlighters with multi-way switching for your convenience.

## TECHNICAL SPECIFICATION

### Steelwork

Shotblasted steelwork treated with an epoxy primer and two part polyurethane paint finish (except the hull which is blacked; blacking not suitable for salt/brackish water). Enhanced hull design built to CBA Code of Practice guidelines, with two full length rubbing strakes.

### Hull blacking Upgrade

Have your hull prepared for cruising salt/brackish water. Also gives you, on average, a longer period between blacking.

Steel Plating	10mm/6mm/5mm/4mm
Style	Cruiser
Decks	All self draining
Weed Hatch	Quick release
Fender eyes	Brass Recessed (chrome available)
Gas Locker	To hold 2 x 13kg bottles (one provided)
Weight	Approx 23 tonnes
Water tank (stainless)	Approx 170 gallons
