**SOLD**

## Equinox £79950

### **Jonathan Wilson 2008 - 57ft - Traditional Stern Narrowbeam boat lying at Mercia Marina**

Equinox is a spacious high spec 57' narrowboat with steel work by the highly respected Jonathan Wilson and a fitout by Sayle shipwrights in Anglesey. Equinox is a go anywhere boat, equally suitable for cruising or livaboard use. With its fully instrumented vetus 42hp engine and bow thruster, complimented by the long swims and Josher style bow with its double curvature make this boat easy to handle both on canals and rivers. This boat was displayed at the 2008 Crick Boat Show, it was the only boat fitted out by shipwrights, and their yachting heritage is there for all to see in unique features such as hand made Italian tiles and solid ash galley work tops with inlaid mahogany strips to represent teak decking. Equinox is a well maintained boat of much quality and character. Please call for more details and how to view.
